VOL. LIX: No. 38. REDWOOD CITY, CALIFORNIA, SATURDAY, DECEMBER 20, 1919 ESTABLISHED 1859

MRS. CLARA KNEESE PASSED IN THIS CITY THURSDAY AFTER A LONG SIEGE OF SICKNESS

After a long and painful illness Clara Kneese, wife of George Kneese county surveyor, closed her weary eyes in death at her home in Redwood Highlands at 3 o'clock Thursday morning.

She was a native of Halfmoon Bay and was a daughter of the late Rufus Hatch, the pioneer lumberman of Halfmoon Bay.

The marriage of Clara Hatch and George Kneese some years ago at the coast town was a big event. The young couple came to South San Francisco to reside and lived happily together until death parted them forever.

Mrs. Kneese has been a sufferer from a severe sickness for the past two years. For over a year she resided in Redwood Highlands. She loved her home. It was her providence to make others happy. Those who knew her loved her for her cheerful and winsome ways and many womanly virtues. She will live long in the memory of those who knew her. Mrs. Kneese is survived by her sorrowing husband, and her sister, Mrs. J. C. McGovern, wife of Dr. J. C. McGovern of South San Francisco, and a brother, Alvin S. Hatch, the Halfmoon Bay lumberman.

The funeral will take place from her late residence at 1 o'clock today, thence to Halfmoon Bay where services will take place at about 2 o'clock in the M. E. church, interment in the Halfmoon Bay cemetery.

LIEUTENANT LOCKLEAR THE DARING AVIATOR WAS A REDWOOD VISITOR

Lieutenant Omar Locklear, the daring birdman who has made a national reputation with his aerial stunts, was a visitor to the local aviation field on Thursday. For a half hour he entertained the members of the school, the attaches of the field and a number of invited guests, with his death daring stunts in mid air. His leap from one plane to another in mid air was thrilling as well as his other startling performances. The lieutenant was well pleased with the field and will make another visit here before starting east.

CONSERVE ALL PAPER AS MILLS ARE CLOSED

There is such a scarcity of newspaper stock owing to the closing down the Willamette Mills that the problem of the weekly newspapers and the small dailies has become very grave. All newspapermen during the week received the following communication from their wholesale dealer:

"We regret to advise you that since December 11th, 1919, the Willamette and the Columbia Rivers at the site of our West Linn and Camas plants, respectively, have been frozen solid, and our mills forced to shut down, our supply of power and fuel being cut off by the freezing of the rivers. All transportation to and from our mills, both by water and rail, is likewise suspended.

Every effort is being made to meet this condition which is unprecedented in the history of our business. We will keep our customers advised of any change in the situation.

The purpose of the present communication is to notify you that we will not be able to maintain our present deliveries to you, should the conditions at the mills continue, as the freezing of the rivers makes it impossible for us to manufacture, and we urge you, for your own self protection, to economize your requirements to the utmost extent that you can."

You will see therefrom that the situation is very serious, and that the present shortage is greatly intensified.

It therefore behooves you to cut down your consumption in every manner possible, it being borne in mind that we will do everything in our power to get paper to you.

Very truly yours,
ZELLERBACH PAPER CO.

S. P. CO. MAY LAY THIRD RAIL FOR FREIGHT PURPOSES

Several officials of the Southern Pacific Company inspected the road bed of the Coast Division during the week. A thorough inspection was made by them. They did not give out any information but from words dropped it is learned that the company is soon to lay a third rail for freight purposes. The freight on the division is badly congested owing to the lack of tracks and the company must do something to relieve this. Large freight trains must at times spend hours on side tracks in order to let the passenger traffic pass. It was rumored that this work of constructing the third rail will begin after the first of the year.

DEFENDANTS WIN DAMAGE ACTION

The damage suit of Richard L. Gasser through his mother, Matilda Grasser, against R. M. Tiddy and A. D. Tiddy, grocers of Burlingame, was tried before a jury in the superior court on Wednesday of last week and a verdict was rendered in favor of the defendants. Thomas Curran was foreman of the jury. In August, 1918 Young Gasser was severely injured while riding in one of the automobiles of the defendants near San Mateo. He was thrown through the windshield of the car, receiving a severe wound in the face which has left a scar that will follow the boy through life. It was shown that Tiddy Brothers did not know that the boy was on the car. It was their instruction to their drivers not to allow any boys on their machines. Plaintiff asked for damages in the sum of $5069. J. J. Bullock appeared for plaintiff and Ross and Ross for defendants. The jury was only out twenty minutes.

JURY IN CASE OF ANTONE SILVA WAS UNABLE TO AGREE ON VERDICT AND WAS DISCHARGED

The trial of Antone Ventura Silva, better known as Antone Ventura, took place in the superior court before Judge Buck on Wednesday.

All the evidence was submitted in about an hour. Ventura was charged with the crime of rape committed some time ago on the person of his stepdaughter at Halfmoon Bay. The girl on the stand charged her stepfather with the commission of the crime detailing every circumstance connected with it. Ventura absolutely denied the charge.

J. E. McCurdy appearing for the accused man made an effort to place the blame on others by showing that there was ill feeling existing between Ventura and his stepdaughter. It was also intimated that the girl had a sweetheart, an Italian residing at Halfmoon Bay. His picture was placed in evidence. Two sisters of the accused gave evidence on his behalf showing that their brother and his stepdaughter were not friendly, they often quarreled and frequently fought at their home.

After deliberating for nearly three hours the jury was dismissed failing to agree. It is understood nine were for conviction and three for acquittal. District Attorney Franklin Swart prosecuted the case, while J. E. McCurdy of San Mateo appeared for the defendant.

Judge Buck on Thursday reset the trial of the case for Friday, December 26, 1919.

JOHNSON'S PROSPECTS LOOK GOOD FOR THE NOMINATION

Senator Hiram W. Johnson of California will be a strong contender for the South Dakota delegation to the Republican National Convention next year, notwithstanding the fact that General Leonard Wood received the Presidential endorsement of the Republican State Convention at Pierre last Tuesday.

The action of the State convention has been misunderstood in many parts of the country, the apparent impression being that its action was final in pledging the State's ten delegates to General Wood in nthe National convention next year.

That is not true. In fact the delegates will not be selected until The People vote in a State-wide primary on March 23rd.

General Wood's name will be on the ballot as the convention choice, and other candidates will be placed on the ticket by petition.

Among these will be the name of Senator Johnson.

Senator Johnson has scored again recently, which is almost equal to having the endorsement of the State convention, because to his support has come Representative Royal C. Johnson, South Dakota's leading citizen, three times decorated for distinguished service with the American Expeditionary forces in France.

Johnson enlisted as a private and went down into the trenches. He was twice wounded and came out of the army with a captain's commission.

He has published throughout the State over his signature this statement:

"Under every primary or convention law each individual is given the right to support the candidate for any office who seems to him best fitted, and personally I shall exercise that right and support for president, Hiram W. Johnson of California.

"None of us agree with him in every attitude he has taken, but many of us respect him for his courage and ability. It is time we had a real American for President and one who knows what he stands for, and is not afraid to say so."

In what is understood to be the first interview in which he has mentioned his own candidacy for the Republican nomination for President, Senator Johnson assured me that his name will go upon the ballot in South Dakota.

He explained why he did not go before the recent State convention at Pierre as follows:

"Under the new South Dakota Primary law caucuses are held to select delegates, known as proposal men to the State Convention. These proposal men met in the State Convention at Pierre Tuesday, December 2. Under the law it was the duty of the convention to propose candidates for President, one of whom was to be selected as the major candidate of the convention, and have his name printed on the primary ballot.

Such a convention was of necessity composed of politicians and the extent of its power was to propose a candidate for President, as well as a major candidate for United States Senator, members of Congress and some other State officers.

As to the candidate for President, any other name may be placed upon the ballot by petition. The primary ballot which will be given to the voters of South Dakota in the March Primary will contain the name which the convention chose, together with the names of those candidates which the voters themselves choose to put upon it.

The only advantage accruing from the presentation of a name to the convention is the prestige of selection by a partisan gathering, and the particular advantage in this instance sought by the Messrs. Wood and Lowden was to gain the effect which the first declaration of a Republican Convention might have on the country at large.

To have competed in this contest meant the expenditure of more money and energy than the result could possibly justify.

My name will go upon the ticket in South Dakota undoubtedly, and so will names of others who did not desire to make the fight in the convention, and the people of South Dakota in March will determine how their delegation shall vote.

My friends in South Dakota, who are my friends because they believe in me, reached the conclusion that they would rather make the fight, and I agree with them, in this contest before The People than in a convention."

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, December 15, 1919, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

On motion of Hickey, seconded by Francis, the minutes of the board with reference to the action taken November 17, appropriating money for assisting in the squirrel eradication work in the county, were ordered corrected to read that the men employed by the U. S. Health Service shall be allowed $35 a month each for automobile expenses, the payment of said money to start on the first of December, 1919.

On motion of Francis, seconded by Hickey, five claims of the above four men, covering expenses for the month of November, were ordered rejected.

In connection with the squirrel extermination work in the county, it was ordered, on motion of Francis, seconded by Hickey, that Wm. J. Graef, the U. S. inspector in charge be requested to submit on the first of each month a report showing the places where the men are operating.

W. L. Cook, president of the Crocker Estate tract company at Visitacion Valley, appeared before the board and presented a petition asking for the abandonment of what is known as Visitacion avenue in the tract, which according to the petition, is no longer necessary for public traffic.

The petition was received and ordered filed, but at the suggestion of District Attorney Swart, the matter was laid over until the first meeting in January in order to give time for the necessary newspaper publications required by law.

J. W. Millard of San Francisco, representing an advertising concern, appeared before the board to interest the supervisors in an advertising campaign for San Mateo county. He made an offer to produce 5000 booklets covering the assets of the county and the inducements it offered for industrial sites. Miller also solicited a display ad. from the board to be placed in the Sunset magazine for six months at a price of $125 a month.

The board, while realizing the value of advertising, took the stand that conditions did not warrant the expenditure of so much money at this time, and Chairman MacBain made an order that the matter be taken under advisement until the first meeting in February.

The board took up at this time the petition received at the meeting of December 1st from Thomas J. Brady, president of the San Mateo Park and Boulevard Commission and from R. Campbell, commissioner for the county's permission to remove a large oak tree on the State Highway, between Third and Fifth avenues in the City of San Mateo.

An ordinance adopted by the trustees of the City of San Mateo in 1912, giving the supervisors permission to construct the State Highway through that city, was read by Mrs. Nash, clerk of the board.

The board, on motion of Hickey, seconded by Thompson, thereupon, instructed Mrs. Nash the clerk to write to the city trustees of San Mateo, saying that the supervisors approved the plan and had no objections to the tree being removed.

Two claims, one of M. Klassen in the sum of $96, being for services as foreman in connection with the construction of a retaining wall at Pescadero, and the other of the Social Service Commission in the sum of $183 and being for the care of dependent children, were ordered paid.

County Auditor J. J. Shields submitted a report showing an unused balance in Reclamation district No. 543, amounting to $47.73, and a balance in Reclamation district No. 754 of $35.63.

Deputy Auditor Ed. Stack appeared before the board in the matter and suggested that the money in these funds be transferred to the general fund.

Th suggestion was accepted, on motion of Brown, seconded by Thompson, and the funds ordered to the general fund, with the idea that if it were necessary at any future time the amounts could be returned to the funds from which they were taken.

On motion of Hickey, seconded by Brown, a balance left over from the San Pedro fund in the sum of $285.30, was also ordered transferred to the general fund.

At the request of Supervisor Thompson, and on motion of Francis seconded by Hickey, the representative from the Fifth township was given permission to repair five culverts and bridges in his district.

Chairman MacBain addressed the board relative to the action of the Bear Gulch Water Company opening ditches on the county highway in his district without the permission of the board.

On motion of Brown, seconded by Thompson, the clerk was directed to communicate with the above company and notify the management that they must not open any more ditches on the highways in the Third township without first appearing before the supervisors and getting a permit for doing so.

The board took up at this time with the District Attorney the matter of the Visitacion Valley school bonds, which had been sold to McDonnell & Co., bond brokers of San Francisco, and later rejected by that firm on account of the bonds having been sold in the sum of $23,000, whereas the election held in the matter called for the issuance of $24,000 worth of bonds.

District Attorney Swart stated that he had taken the question up with the bond buyers, suggesting a change in the proceedings so as to make the transaction legal, but they refused to accept the bonds. He said he would submit a proposition to the bonding company's attorneys to have a new order made by the board calling for the issuance of the bonds in the sum of $24,000, but only selling $23,000 worth at this time. He said he hoped in this way to avoid holding a second election.

At the suggestion of the district attorney, and on motion of Hickey, seconded by Brown, the certified check of McDonnell & Co., which accompanied their bid, was ordered returned to them.

In connection with the above, District Attorney Swart said that nobody was really responsible for the discrepancy in the amount of the bonds. In planning for the bond election the county superintendent figured the amount the district could be bonded for on the assessed valuation of the school district at the time. After the proceeding had been completed a change was made in the assessment district whereby certain pieces of land already assessed in the Visitacion Valley district were transferred to other districts, thus reducinig the assessed valuation of the Visitacion Valley district to such an extent as to make the bonding capacity slightly over $23,000.

MORE MODERN EQUIPMENT FOR THE TIMES-GAZETTE

We have, during the past year, installed two modern printing presses and a large assortment of late faces in type and borders, which gives us a thoroughly equipped office for handling all ordinary work. Last week a fine wire stitcher was installed ,the largest in the county, for binding books and pamphlets, and other stitching. This machine makes the staples and binds the book at one operation and is adjustable for light and heavy work by merely turning a small lever, and will bind both flat and saddle-back work.

We have put in a large assortment of poster type and have an order on the road for additional wood type for large window card and poster work. We are also considering the installation of self-feeders for the platen presses. An additional room will soon be built on the rear of the present office to accommodate the paper cutter and binding machine, also the assembling tables and paper stock. With the contemplated improvements and with that which we have already recently installed, we will have one of the most up-to-date printeries on the peninsula.

We have invested several thousand dollars in new equipment and several hundred dollars worth of material is on the way.

We expect to shortly appear with an eight-page seven column illusrated newspaper, with possibly a comic supplement of four pages.

Today we are prepared to execute the highest class of printing, such as illustrated pamphlets, fine stationery, window cards etc, in one or more colors, which will harmonize with the stock and the class of work.

After installing a plant of this kind we did so with the belief that the people of this community would appreciate our efforts and give us the preference over San Francisco, when the work can be done as cheaply at home as in the city.

SAN CARLOS NOTES

The movement to transfer San Carlos school children who have reached the sixth grade to the Redwood City grammar school where they can have the advantages of manual training, domestic science, music and drawing is rapidly gaining support as our new residents move in and augment our school attendance here, making it practically impossible for our teacher to look after so many pupils in eight different grades with any degree of efficiency, justice to the children and to herself.

Miss Hind is devoting a great deal of time and energy in preparing the children for an entertainment to be given on the evening of Friday, December 19th. The entertainment will be followed by a dance. A large attendance is anticipated.

Miss Ursell, nee Lemis, visited with friends and relatives in San Francisco over the week-end.

Mrs. A. L. Livermore and her mother from San Francisco have moved into their new bungalow on Walnut street opposite the Haydock home.

Mr. and Mrs. C. B. Marvin in company with friends left last Saturday for a ten day's motor trip through the southern part of the state.

From a notice posted in the post office lobby we find we have ten residents in our modest little community who have had the pleasure and enjoy the distinction of having paid an income tax.

Mr. W. H. Willett, who has been visiting with his daughter, Mrs. W. H. McNabb left last Saturday on the Lark for Los Angeles.

Mrs. Lida Medafine the accomplished music teacher of Redwood City enjoy the same popularity with our little tots who are members of her music class as does the popular principal of our school, Miss Gertrude Hind.

WOODSIDE NEWS NOTES

The people of Woodside are pleased to learn that Henry Koop, the recent purchaser of Independence Hall, is not going to wreck the building. He is going to preserve the old structure and rent it for dances and entertainments to those who want it. The old land-mark is to be the scene of many merry gatherings in the future.

C. T. Bradley is wrecking the old Sickert winery on the Canyon Road. It was built more than thirty years ago by the late Mr. Sickert. Thousands of gallons of wine was manufactured in the building and was known as the best in the market. It found ready sale everywhere. The old vineyard near the building has gone to decay and many of the vines have been dug up. The old landmark is no more. It will give way to a modern home.

McLELLAN ESTATE APPRAISED

H. C. Tuchsen has appraised the property of the late Mary Phoebe McLellan and has found that the inheritance tax amounts to $267.19. Some months ago State Controler John S. Chambers directed Mr. Tuchsen to make an appraisal of the property. Mary P. McLellan died on November 19, 1913. On August 19, 1912, she made a deed to the property consisting of valuable realty at Beresford appraised at $18,679.56 in favor of her sister, Mary Belle McLellan, without consideration. The deed was filed for record two days before the death of the maker. The attention of the controller was called to the transaction some time ago and he at once directed Mr. Tuchsen to make an appraisement of the property holding that it was subject to the inheritance tax. Mr. Tuchsen after deducting all the exemptions found that the amount subject to the tax was $13,359.56. The total amount due the state was found to be $267.19.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

The 375 patients at the base hospital are going to have a pleasant Christmas. The Red Cross and the Knights of Columbus are preparing a nice program for the occasion. The latter organization is going to provide cigarettes and tobacco, candy and chocolates while the government is going to serve a dinner that a king might covet. All the delicacies of the season are going to be provided. The inmates are looking forward to a pleasant Christmas.

Santa Claus will be at Fred Nessler's next Monday and will be there from 7 o'clock until ten o'clock every evening. He will distribute gifts to all.

Richard Sprague is here from Louisiana to spend a short time. He owns large plantations in the south. Mr. Sprague reports that there was not more than a half crop of sugar this year owing to the drought. He says there has not been a normal crop in three years. No doubt this shortage has been the cause of the high prices of sugar.

The government has begun wrecking four of its large warehouses at Camp Fremont. The lumber is to be hauled to Fort Mason to be put into new buildings. It is believed the remaining ten buildings will remain for some time.

The grammar school closed yesterday with appropriate exercises for the Christmas vacation of two weeks.

Dr. C. L. Kurtz of Carpinteria, Santa Barbara county, has purchased the Menlo Pharmacy from Selzer Brothers and has already taken possession of the drug store. His family will be here next Monday to occupy one of the Duff and Doyle cottages on Golden avenue. The doctor is a graduate pharmacist of a long experience. He intends to improve the store and stock it with choice drugs and medicines. Mr. Kurtz is delighted with Menlo Park. He intends to give the people a splendid service.

Redmond Cochrane, overseas for 28 months, arrived home on Tuesday from Brownsville, Texas, where he has been stationed for the past three months. Young Cochrane during the war was connected with the staff of General Pershing at Chaumont. He saw nearly the whole of Europe. He has had a vast experience that will be a source of pleasure to him to recall from time to time. Before the war he was connected with the war department office in San Francisco and after a short vacation will resume his former position with the department in the Ferry building. But how are we going to keep the boys home after they have once seen "Gay Paree."

St. Joseph Parochial school will give the annual Christmas tree next Friday afternoon. A neat program will be rendered by the children. Santa Claus will have gifts for all.

John Bracesco who was operated upon at the Peninsula hospital last week is improving nicely and will soon be able to leave the institution.

Those desiring a turkey for Christmas would do well to go to the Native Sons and Daughters card party in Duff and Doyle hall next Monday evening. Three fine birds will be given away in prizes. The money to be raised at the party will go to the homeless children's fund.

C. W. Marwedel and family have taken apartments in San Francisco and moved during the week. They may come back next summer. Mr. Donley, who purchased the pretty Marewdel home on Santa Cruz avenue, will take possession of the property January first. Mr. Donley, is a very young man and wealthy. He is negotiating to purchase adjoining property to be laid out in rose beds. Mr. Donley contemplates establishing one of the finest rose gardens on the peninsula.

Harry Baker, who maintained a photograph gallery during the war in the Maloney block ,passed away recently at Stockton, following a serious operation. His wife passed away at Redwood City eleven months ago. Harry Baker was well-liked and beloved by all who knew him.

The Burke ranch on the Portola road near the Stanford holdings has been taken over by Mr. F. Straub, formerly part owner of the Menlo Heights Dairy. Mr. Straub will engage in intensive farming, will raise poultry and cattle for the market. This locality appeals to him. Mr. Straub has sold his interests in the San Joaquin Valley where he recently farmed. No more of that climate for him. Mr. Straub is an experienced farmer and will meet with succes in his new enterprise.

C. B. Neel of Menlo Park has purchased the three-acre tract of Emma J. Miller, situated at the turn of the University avenue car line, adjoinnig Palo Alto. This was formerly a part of the Hopkins property and commands a fine view. Neel will erect a modern home on the premises at once.

Mr. and Mrs. William Warren gave a large dancing party on Tuesday afternoon, entertaining the boys of the Warren school and the lassies of the Friday afternoon dancing class which Mrs. Fannie Hinman has at the Woman's club house at Palo Alto. There was a large Christmas tree, beautifully decorated, with a souvenir for each youngster. Later on there were games and dancing with a jolly hour or so of story telling.

The people of Menlo Park will be pleased that after all the Fremont theatre building may not be removed. It was said yesterday that the State Highway Commission would not permit the new owners to move it on the highway as it would block the traffic between this place and Mountain View to which place the structure is to be moved. Let us hope that the State Highway Commission will decline to give its permission to have the building moved.

Duncan Reynard, a collector for the Pacific Gas and Electric Company on the first of the year will be promoted to the position of superintendent of the branch office at South San Francisco, a place held for some time by Hugh S. McKenna, who has been transferred to the Palo Alto office. Mr. McKenna has bought a poultry farm at Runnymede and will engage in the chicken business. He will remain with the company. Young Reynard's raise in the company's service has been rapid. He is capable and efficient and these qualities have been recognized by the gas company.

At the Church of the Nativity a solemn high mass will be celebrated at 6 o'clock, low masses at 8 and 10:30. Benediction after the last mass. At the first service an augmented choir will render the music. The sermon will be preached at the last mass.

At San Francisco on Saturday, December 13, 1919, a daughter was born to Mr. and Mrs. H. B. Parent, nee Emma Kugeler.

The Christmas festival will be duly observed at Trinity Episcopal church by regular services at 8 o'clock and 10:30. A large choir will render sweet music. The sermon is to be preached, Rev. H. Montgomery, the pastor.

PACIFIC GAS AND ELECTRIC COMPANY — SERVICE CONTINUOUS
Electric Cleaners Safeguard Health
Carpets, rugs and draperies are germ catchers and carriers. There is only one effective means of eliminatiog them. Beating and sweeping merely stirs up dirt, to let it settle again.
THE ELECTRIC VACUUM CLEANER cleans. It digs down deep into the texture of the carpet, and pulls out and collects all the germ laden dirt, so it can be carried out of the house.
There is no back-breaking labor. You merely turn the electric switch and run your sweeper. In little or no time the sweeping and dusting part of the house cleaning job is simply, easily accomplished.
The cost of current is a mere triffle—the amount that one Mazda Lamp would use in the same amount of time. Ask your contractor-dealer for a demonstration and explanation of his term payment plan.
